EXPERIMENTS AREA

How to submit your specifications?

Recyclers

Step 1: access the Experiments Area

The image shows a composite of two screenshots from the Refashion Recycle platform. The top screenshot is the login page, which has a dark teal header with the text "The Refashion platform for connecting textiles and footwear recycling stakeholders". Below the header is a navigation bar with a "Back" button, the "Recycle Re_fashion" logo, and a language selector set to "EN". The main content area features a large teal box with the text "Login and access to the Refashion Recycle platform" and "To get in contact with textiles and footwear recycling stakeholders". There are two buttons: "Login" and "Not signed up yet? Create your account". The bottom screenshot shows the "My company" section of the platform. It has a green sidebar with icons for "MY PROFILE", "MY COMPANY", "MATERIALS", "CHARACTERISTICS", "OUTPUT", "SOLUTIONS", "ACTIVITIES", "MARKETS", and "FAVORITES". The main content area is titled "My company" and includes a "Get started" button, a "Company/ies" dropdown menu (currently showing "ECO TLC (REFASHION)"), and a list of options: "Company profile", "Products / Materials", "Refashion Experiments" (highlighted in yellow), and "Experiments Area" (with a right arrow). Below this is a "Welcome," message and a brief introduction to the platform. Two numbered steps are shown: "1 I complete my profile" with a link "Access my profile >" and "2 I specify my products / materials" with a link "Describe my products / materials >". At the bottom, there is a "How it works?" section and a small video player showing the platform interface.

- Go to the Refashion Recycle platform:
<https://recycle.refashion.fr/en/access-the-platform/>
- In the « My Company » section, go to the **Experiments Area**

Step 2: view ongoing campaigns
